

## Welcome to The Caterpillar Class!

We are excited to start a new year with our curious Caterpillars. This summer we look forward to spending a lot of time exploring nature. **Please sunscreen and apply bug spray to your child each morning**, as we usually start our day outside. We will reapply for afternoon outside time.

During the summer, we do a lot of water play both inside and outside. We ask that each child has a few sets of **extra clothes** in their cubbies (shirts, bottoms, underwear, socks, and extra shoes). Children can bring swimsuits to keep in their cubbies for water play, along with water shoes or extra shoes that can get wet.

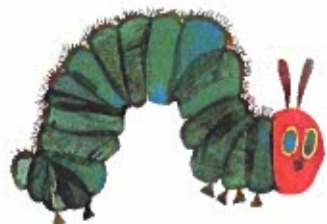

We encourage the children to drink lots of water throughout the day. Please feel free to bring a **labeled water bottle** for them. We'll ask that it be **washed and returned each day**.

We post a daily note sharing our investigations, highlights of the day and upcoming events. Please feel free to call us with any questions, concerns, or just to check in. We look forward to a fun filled year of growth and discovery.

Ms. Chrissy and Ms. Jayne

**Caterpillar Room: (603)772-9995 x5**

## Caterpillar Daily Schedule

6:30-9:00 Drop off and Centers
